6. The rejection of claims 1-19 under 35 U.S.C. 102(a) as being anticipated by Keoshkerian et al., U.S. Patent No. 6,767,974 (hereinafter "Keoshkerian") is withdrawn.

Allowable Subject Matter/Reasons for Allowance

7. Claims 1-19 are allowed.

8. The following is an examiner's statement of reasons for allowance: The closest prior art located or identified by the Examiner is Keoshkerian. Keoshkerian teaches a process for forming miniemulsion. See Keoshkerian, Abstract; col. 1, lines 35-55. In example 1-4, Keoshkerian teaches a process for preparing a miniemulsion from two mixtures and flowing the miniemulsion with a polymerization reactor and heating the miniemulsion to prepare polymer particles. Keoshkerian teaches the use of a continuous phase liquid in the first and second mixtures. See Keoshkerian, Abstract; col. 3, line 56 through col. 5, line 7; col. 6, line 56 through col. 7, line 62. However, Keoshkerian does not teach the third step of flowing the miniemulsion within a continuous mode polymerization reactor.

9. As of the date of this Notice of Allowability, the Examiner has not located or identified any reference that can be used singularly or in combination with another reference including Keoshkerian to render the present invention anticipated or obvious to one of ordinary skill in the art.

10. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
